

## **SSANZ Triple Series 2020 – Lewmar 100 Baltic**

Fellow SOLers,

I came third in last weekends race the "SSANZ Triple Series 2020 - Lewmar 100 Baltic" only my second podium and it was a blast. I think there was a distinct advantage being in the right time zone and having a lazy Saturday schedule.

The boat was a good choice, excellent on the wind and a sneaky off the wind double max-v angle. Wind was consistent and strong enough to keep the pace the whole way.

I generally sail by the seat of my pants and the shorter races give me a chance, I took a gamble on the top reach and as usual was shown up by Kipper but not terribly so and was still in contact right to the wire. Was something like 8 seconds behind calmxy in second place who was only 2 behind Kipper how close is that!

I felt a bit sorry for Weekend who had it in the bag up to the second last mark.

Thank you all.

Cheers  
AndyS172
