RANKINGS BY NATION 2024

INDIVIDUAL

Some years ago those who were already members of our great Community were enjoying the “WIZ rankings”, amongst which the rankings by Nation were very popular indeed. With the beginning of 2018 we have re-introduced a similar format. Here the mechanicals, that continue to be valid in 2024 for the INDIVIDUAL format. (As announced the TEAM Format is discontinued, pending some re-styling).

GENERAL

- All SOLers, irrespective of SYC membership, will contribute to the “INDIVIDUAL RANKINGS BY NATION”
- Each race starting in 2024 accrues points to this ranking.
- At the end of each month a provisional situation for Nation rankings will be posted here.

INDIVIDUAL

- Whilst in the Olympics the “medal list” includes only Gold, Silver and Bronze, at SOL the Medal List extends to positions from 4th to 10th
- The rankings will be ordered by higher ranking position (E.G nation with 1 Gold and 3 Silvers will precede nation with 0 Golds and 5 Silvers and so on). Should two Nations end with the same number of Gold, the number of Silver will serve as tie breaker and so on.
